Your page content size is too low, you have only 0 words per page, try to add more text content per page, the more content per page the better rankings will be.

Keyword not found in the page content [-1.7]

Your Keyword is missing from the page content! This is a common SEO problem, to rank well for "streamingtvguides.com" keyword please make sure you will add the keyword ASAP inside your page content !

Page URL Speed ✓

This page took around 0.11 seconds to load (very fast).

The page loading speed is important for several reasons :

1. Google and all the search engines love the pages that are loading fast because slow loading pages will reduce their scanning speed, this is the main reason why google will temporarily affect rankings of low speed websites.
2. If your website/page loads slowly your visitors will not visit many pages and in most cases will press the back button in the browser before the page will fully load, which will cause lower traffic and high bounce rate which will affect rankings.

Your robots.txt file not found ! [-1.4]

Your [robots.txt](#) file is not accessible!

http status code: 403 (403 (Forbidden))

You need to create a text file called [robots.txt](#) into your website root folder with this content:

```
User-agent: *
```

```
Allow:
```
